

## CNC LATHE MACHINIST

Cobalt Enterprises is a manufacturer featuring precision-machined parts and assemblies for the aerospace, defense and commercial markets. We are located in Granite Falls, Lake Stevens and Everett, Washington. We are an equal opportunity employer with competitive wages; pay every week; full medical, vision, life and long-term disability coverage for all full-time employees; 401k, paid holidays (including your birthday); and paid time off.

We are looking for an experienced, reliable, detail oriented, and hard-working CNC Lathe Machinist to run multi-axis CNC turning lathes. This is a full-time position for both day, night and weekend shifts in Lake Stevens to produce precision-machined products from raw material using computer-controlled mills, lathes and other equipment.

Typical Duties and Responsibilities:

1. Set-up, operate and troubleshoot multiple Mori Seiki/Doosan CNC Lathes, including maintaining parts in print tolerance and deburring as needed during production.
2. Maintain quality assurance procedures and processes.
3. Maintain a clean work environment and safe operations by adhering to safety procedures and regulations.
4. Ability to read set-up instructions, drawings and other technical information;
5. Ability to follow schedule set by supervisor and prepare lathes and other equipment for assigned operations;
6. Use appropriate measuring devices such as calipers, micrometers, height gauges, plug gauges, etc.;
7. Complete all paperwork within Cobalt and AS9100 specification;
8. Basic knowledge of commonly use M and G codes
9. Ability to hold as little as  $\pm .0005$  total tolerance

For consideration please submit a complete resume including employment dates (month/year) and contact information.
